Description

The GT Line-ROCKTURTLEPTS tool case is the ideal solution for professionals who require safe and efficient transport of their tools and accessories. Made of high-density polyethylene, this case is virtually indestructible, guaranteeing exceptional durability under demanding conditions. Its design includes an extra-thick aluminum rim that ensures a tight closure, while reinforced edges make it perfect for air freight. With a large capacity, this tool case is equipped with a patented elastic pocket system, known as 'Flexipouches', which adapt to each tool, providing quick and organized access.

- **Material:** High-density polyethylene, corrosion-resistant.
- **Pockets:** Patented 'Flexipouches' with reinforced stitching.
- **Handle:** Advanced ergonomics with extreme load capacity.
- **Transport:** Telescopic trolley handle and large wheels for easy mobility.
- **Compartments:** Large space for tools, power tools, and accessories.
- **Documents:** Dedicated document compartment.
- **Panels:** Top and bottom with elastic pockets on both sides.
- **Locks:** 2 TSA-approved metal locks with key for added security.
- **Small boxes:** 2 small boxes for small items included.
- **Dimensions:** The measurements indicated are interior.
