Description

The GT Line-NMWHEELSPTS tool case is the ideal solution for professionals who require safe and efficient storage of their tools. Its modern and extremely robust design is constructed with a double-walled, shockproof body made of high-density polyethylene, giving it excellent resistance to extreme temperatures and most corrosive chemicals. This product incorporates a patented system of elastic pockets, known as 'Flexipouches', which easily adapt to each tool, guaranteeing quick and organized access.

- Double-walled, shockproof body in high-density polyethylene.
- Resistance to high and low temperatures, as well as corrosive chemicals.
- Patented 'Flexipouches' pockets made of extra-resistant elastic material with reinforced seams.
- Pocket tops in polyester and rubber; Bottom part in 100% polyester with PVC finish.
- 1 document compartment.
- 2 tool panels with adjustable dividers in the interior compartment.
- 2 small storage boxes.
- 1 heavy-duty handle and 1 telescopic trolley handle.
- 2 TSA-approved metal locks with keys for added security.
- Large wheels for easy and comfortable transport.

The dimensions shown are interior dimensions.
