Description

The Olfa-SK-15 is a pack of 10 disposable safety cutters, designed to offer a practical and safe solution for cutting various materials. Its innovative concealed blade system guarantees maximum safety during use, preventing accidental injuries. This cutter is ideal for opening cardboard boxes, shrink wrap, plastic strapping, and cutting seals, making the task easier without damaging the contents. The blade is not replaceable, minimizing the risk of accidents and ensuring prolonged and efficient use. Furthermore, its open channel design and stainless steel blades allow for easy cleaning, keeping the product in optimal condition. NSF certified, the Olfa-SK-15 meets the safety and quality standards required in professional environments.

- Pack of 10 disposable cutters.
- Concealed blades for maximum safety.
- Designed to open packages without damaging the material.
