WITTE plastic bits 25 mm PH 1 for BITFLEX screwdriver

Brand: Witte

Reference: TUR 428021

Witte-428021-25 25mm screwdriver bits, made of high-alloy steel. Their advanced technology ensures optimal torque transmission and increased durability. Ideal for precise tightening of screw heads.

Description

The Witte-428021-25 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Made from high-alloy steel, these bits undergo a post-hardening process that ensures their durability and strength. Thanks to the use of state-of-the-art technology and machinery, each bit features a precise geometry that optimizes torque transmission, resulting in more efficient and safer work. The intrinsic quality of the bits, along with a perfect fit on the screw head and correct application, are key factors that determine their longevity and effectiveness in daily use.

- **Material:** High-alloy steel
- **Length:** 25 mm
- **Tip type:** PH 1
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for optimal torque transmission
- **Durability:** High, depending on quality and application
- **Fit:** Perfect on the screw head
- **Use:** Ideal for precise screwdriving work
- **Presentation:** Small plastic box for easy storage

Specifications

EAN	4003955312002
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,1400
