Product sheet

WITTE PZ 2 25mm bits in a sturdy and durable plastic case.

Brand: Witte

Reference: TUR 427046

Witte-427046-25 25mm screwdriver bits in a plastic case, made of high-alloy steel. Their precise geometry and hardening process ensure optimal torque transmission, guaranteeing durability and performance.

Description

The Witte-427046-25 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Made from high-alloy steel, these bits undergo a post-hardening process that ensures their durability and strength. Thanks to the implementation of state-of-the-art technology and machinery, each bit features a precise geometry that optimizes torque transmission, resulting in more efficient and safer work. The intrinsic quality of these bits, along with a perfect fit on the screw head and correct application, are determining factors for extending their service life.

- **Material:** High-alloy steel
- **Length:** 25 mm
- **Head type:** PZ 2
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for optimal torque transmission
- **Durability:** High, depending on quality and application
- **Use:** Ideal for screwdriving in various applications
- **Packaging:** Plastic box for storage and transport
- **Compatibility:** Designed for a perfect fit on PZ 2 screws

Specifications

High	1,80
Width	5,00
EAN	4003955306643
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,1400
Depth	8,50
