Description

The Witte-427613-5 bits are a high-quality screwdriving solution, designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits are produced using state-of-the-art technology and machinery, ensuring their durability and effectiveness. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened securely and efficiently. The longevity of these bits depends not only on their intrinsic quality, but also on a perfect fit in the screw head and correct application, making them an indispensable tool for professionals and DIY enthusiasts.

- **Length:** 25 mm
- **Tip Type:** PZ 3 DIAMOND
- **Material:** High-alloy steel
- **Manufacturing Process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for better torque transmission
- **Durability:** High, depending on quality and application
- **Use:** Ideal for screwdriving in various applications
- **Packaging:** Plastic box for easy storage storage
- **Compatibility:** Perfect fit on PZ screws

Specifications

EAN	4003955321042
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,0400
