

Product sheet

WITTE bits in plastic case 25 mm (T 6) for screws and assemblies.

Brand: Witte

Reference: TUR 429490

Witte-429490-5 25mm screwdriver bits, made of high-alloy steel. Their precise design and hardening process guarantee optimal torque transmission, ensuring durability and performance in screwdriving applications.

Description

Witte-429490-5 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits undergo a post-hardening process that ensures their durability and wear resistance. Thanks to the use of state-of-the-art technology and machinery, each bit features a precise geometry that optimizes torque transmission, resulting in more efficient and safer work. The intrinsic quality of the bits, along with a perfect fit on the screw head and correct application, are key factors that determine their longevity and effectiveness in daily use.

- **Material:** High-alloy steel
- **Length:** 25 mm
- **Type:** T-point 6
- **Manufacturing process:** Modern technology and advanced machinery
- **Treatment:** Post-hardening for increased durability
- **Geometry:** Precise design for optimal torque transmission
- **Use:** Ideal for screwdriving applications on various surfaces
- **Fit:** Perfect fit on the screw head
- **Durability:** High wear resistance
- **Compatibility:** Compatible with standard screwdriving tools

Specifications

High	2,00
Width	5,00
EAN	4003955312163
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,0400
Depth	8,50
