Product sheet

WITTE 25mm bits in plastic case, type T15, high durability.

Brand: Witte

Reference: TUR 429504

Witte-429504-5 25mm screwdriver bits, made of high-alloy steel. Their advanced technology ensures optimal torque transmission. Ideal for a perfect fit on screws, guaranteeing durability and performance in screwdriving applications.

Description

Witte-429504-5 screwdriver bits are an essential tool for any professional or DIY enthusiast seeking precision and durability in their projects. Made from high-alloy steel, these bits have been designed using state-of-the-art technology and machinery, guaranteeing exceptional performance. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened efficiently and securely. The lifespan of these bits is directly related to their intrinsic quality, the perfect fit on the screw head, and their correct application during use.

- **Material:** High-alloy steel
- **Length:** 25 mm
- **Type:** T 15
- **Manufacturing Process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for better torque transmission
- **Durability:** High, depending on quality and application
- **Use:** Ideal for precise screwdriving work
- **Presentation:** Plastic box for easy storage
- **Compatibility:** Designed for a perfect fit perfect for T 15 screws

Specifications

High	2,00
Width	5,00
EAN	4003955306704
Manufacturer	WITTE

Material	Plástico
Weight (kg)	0,0400
Depth	8,50
