Product sheet

WITTE 25mm Security Torx Bits in plastic case, model TS 25.

Brand: Witte

Reference: TUR 429483

Witte-429483-5 Security Torx Bits, made of high-alloy steel. With a length of 25 mm, they guarantee optimal torque transmission thanks to their precise geometry and hardening process. Presented in a practical plastic case.

Description

The Witte-429483-5 security Torx bits, 25 mm in length, are designed to deliver exceptional performance in screwdriving tasks. Manufactured from high-alloy steel, these bits benefit from state-of-the-art technology and machinery, ensuring superior durability and strength. The subsequent hardening process, along with precise geometry, allows for optimal torque transmission, resulting in more efficient and safer work. The intrinsic quality of each bit, its perfect fit in the screw head, and correct application are key factors that determine its longevity and effectiveness.

- **Material:** High-alloy steel
- **Length:** 25 mm
- **Type:** Security Torx bits (TS 25)
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening for increased durability
- **Geometry:** Precise for optimal torque transmission
- **Use:** Ideal for applications requiring security and precision
- **Durability:** High, depending on quality and application
- **Compatibility:** Designed for a perfect fit in Torx screws
- **Presentation:** Included in a practical plastic box

Specifications

High	2,00
Width	5,00
EAN	4003955313078
Manufacturer	WITTE
Material	Plástico

Weight (kg)	0,0400
Depth	8,50
