Product sheet

WITTE plastic tips 50 mm PH 1 in a practical and resistant box.

Brand: Witte

Reference: TUR 427520

Witte-427520-10 50mm (PH 1) screwdriver bits in a plastic case. Made of high-alloy steel, they guarantee optimal torque transmission. Their precise design and hardening process ensure durability and performance in screwdriving applications.

Description

Witte-427520-10 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits undergo a post-hardening process that ensures durability and wear resistance. Thanks to the use of state-of-the-art technology and machinery, each bit features a precise geometry that optimizes torque transmission, ensuring a perfect fit on the screw head. The intrinsic quality of these bits, combined with proper application, is fundamental to maximizing their lifespan and work effectiveness.

- **Material:** High-alloy steel
- **Length:** 50 mm
- **Head type:** PH 1
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for optimal torque transmission
- **Durability:** High wear resistance
- **Applications:** Ideal for screwdriving on various surfaces
- **Fit:** Perfect fit on the screw head
- **Use:** Requires proper application to maximize lifespan

Specifications

EAN	4003955312255

Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,1100
