Product sheet

WITTE bits in plastic case 50 mm (PH 1 TIN) for precision screws.

Brand: Witte

Reference: TUR 427551

Witte-427551-5 screwdriver bits, made of high-alloy steel. With a length of 50 mm and advanced technology, they guarantee optimal torque transmission. Ideal for precise tightening of screws and other suitable applications.

Description

The Witte-427551-5 screwdriver bits are a high-quality screwdriving solution designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits benefit from state-of-the-art technology and machinery, ensuring their durability and effectiveness. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened securely and efficiently. The longevity of these bits is determined by their intrinsic quality, the perfect fit on the screw head, and proper application, making them an indispensable tool for professionals and DIY enthusiasts.

- **Material:** High-alloy steel
- **Length:** 50 mm
- **Tip type:** PH 1 TIN
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for better torque transmission
- **Durability:** High, depending on the application and fit
- **Use:** Ideal for screwdriving in various applications
- **Compatibility:** Fits screws with PH heads 1
- **Presentation:** Plastic box for safe storage

Specifications

High	2,00
Width	5,00
EAN	4003955312293
Manufacturer	WITTE

Material	Plástico
Weight (kg)	0,0600
Depth	8,50
