Product sheet

WITTE PZ 2 TIN 50mm bits in a sturdy and durable plastic case.

Brand: Witte

Reference: TUR 427542

Witte-427542-5 50mm screwdriver bits, made of high-alloy steel. Designed with advanced technology to ensure optimal torque transmission. Their precise geometry and hardening process guarantee durability and performance in screwdriving applications.

Description

Witte-427542-5 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits undergo a post-hardening process that ensures their durability and strength. Thanks to the use of state-of-the-art technology and machinery, each bit features a precise geometry that optimizes torque transmission, resulting in more efficient and safer work. The intrinsic quality of the bits, along with a perfect fit on the screw head and correct application, are key factors that determine their longevity and effectiveness.

- **Material:** High-alloy steel
- **Length:** 50 mm
- **Head type:** PZ 2 TIN
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for optimal torque transmission
- **Durability:** High, depending on quality and application
- **Use:** Ideal for screwdriving in various applications
- **Fit:** Perfect fit on the screw head
- **Presentation:** Small plastic box for easy storage

Specifications

High	2,00

Width	5,00
EAN	4003955312378
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,0600
Depth	8,50
