

Product sheet

WITTE tips in a plastic box, 50 mm long, 6.5 mm diameter.

Brand: Witte

Reference: TUR 427514

Witte-427514-10 screwdriver bits, made of high-alloy steel. With a length of 50 mm and advanced technology, they guarantee optimal torque transmission and superior durability thanks to their precision design and hardening process.

[View product online](#)**Description**

Witte-427514-10 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Made from high-alloy steel, these bits are manufactured using state-of-the-art technology and machinery, ensuring their durability and effectiveness. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened securely and efficiently. The longevity of these bits depends not only on their intrinsic quality, but also on a perfect fit on the screw head and proper application, making them an ideal choice for professionals and DIY enthusiasts.

- **Model:** Witte-427514-10
- **Length:** 50 mm
- **Type:** Screwdriver bits
- **Material:** High-alloy steel
- **Technology:** Modern manufacturing and advanced machinery
- **Hardening process:** Post-hardening for increased durability
- **Geometry:** Precise design for optimal torque transmission
- **Compatibility:** Perfect fit on the screw head
- **Application:** Ideal for professional use and DIY
- **Presentation:** Plastic box for easy storage

Specifications

High	2,00
Width	5,00
EAN	4003955312439
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,1100
Depth	8,50
