Product sheet

WITTE bits in a plastic box, 50 mm long, type T27.

Brand: Witte

Reference: TUR 429607

Witte-429607-5 50mm screwdriver bits, made of high-alloy steel. Designed for optimal torque transmission, they guarantee durability and precision when screwing. Presented in a practical plastic case for easy storage.

Description

Witte-429607-5 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Made from high-alloy steel, these bits are manufactured using state-of-the-art technology and machinery, ensuring their durability and effectiveness. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened securely and efficiently. The intrinsic quality of the bits, along with a perfect fit on the screw head and correct application, are key factors that determine the lifespan and performance of each bit.

- **Material:** High-alloy steel
- **Length:** 50 mm
- **Type:** Screwdriver bits (T 27)
- **Manufacturing process:** Modern technology and machinery
- **Hardening:** Post-hardening process
- **Geometry:** Precise design for better torque transmission
- **Durability:** High strength and long service life
- **Compatibility:** Perfect fit on the screw head
- **Application:** Use in various screwdriving tasks
- **Presentation:** Plastic box for safe storage

Specifications

High	2,00
Width	5,00
EAN	4003955312538
Manufacturer	WITTE
Material	Plástico
Weight (kg)	0,0600
Depth	8,50
