WITTE PH3 25mm tips in perforated blister pack, high durability and precision.

Brand: Witte

Reference: TUR 328423

Witte-328423-10 screwdriver bits in perforated blister pack, 25 mm (PH3 TIN). Made of high-alloy steel, they guarantee optimal torque transmission. Their precise design and hardening process ensure durability and performance in screwdriving applications.

Description

Witte-328423-10 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits undergo a post-hardening process that ensures their durability and wear resistance. Thanks to the use of state-of-the-art technology and machinery, each bit features a precise geometry that optimizes torque transmission, resulting in more efficient and safer work. The intrinsic quality of these bits, along with a perfect fit on the screw head and correct application, are determining factors for extending their lifespan.

- **Model:** Witte-328423-10
- **Type:** Screwdriver bits
- **Length:** 25 mm
- **Head type:** PH3
- **Material:** High-alloy steel
- **Manufacturing process:** Post-hardening
- **Geometry:** Precise for optimal torque transmission
- **Use:** Compatible with various screwdriving applications
- **Durability:** High, depending on quality and application
- **Packaging:** Blister pack perforated

Specifications

EAN	4003955311555
-----	---------------

Manufacturer	WITTE
Weight (kg)	0,0600
