WITTE PH4 25mm drill bits in perforated blister pack - 10 units

Brand: Witte

Reference: TUR 327023

Witte-327023-10 25mm (PH4) screwdriver bits in a perforated blister pack. Made of high-alloy steel, they guarantee optimal torque transmission. Their precise design and hardening process ensure durability and a perfect fit on screws.

Description

Witte-327023-10 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Manufactured from high-alloy steel, these bits undergo a post-hardening process that ensures their durability and strength. Thanks to the use of state-of-the-art technology and machinery, each bit features a precise geometry that optimizes torque transmission, resulting in more efficient and safer work. The intrinsic quality of these bits, along with a perfect fit on the screw head and correct application, are key factors that determine their longevity and effectiveness in daily use.

- **Length:** 25 mm
- **Head Type:** PH4
- **Material:** High-alloy steel
- **Manufacturing Process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for optimal torque transmission
- **Durability:** High, depending on quality and application
- **Fit:** Perfect fit on the screw head
- **Use:** Ideal for professional and domestic applications
- **Presentation:** Perforated blister pack for easy storage

Specifications

EAN	4003955301853

Manufacturer	WITTE
Weight (kg)	0,0600
