Description

The Witte-327047-10 screwdriver bits are a high-quality screwdriving solution designed to meet the demands of both professionals and DIY enthusiasts. Made from high-alloy steel, these bits benefit from the latest technology and machinery, guaranteeing their durability and performance. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring efficient and safe work. The lifespan of each bit is determined by its intrinsic quality, the perfect fit on the screw head, and proper application during use.

- **Length:** 25 mm
- **Head Type:** PZ3
- **Material:** High-alloy steel
- **Manufacturing Process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for better torque transmission
- **Durability:** High, depending on quality and application
- **Use:** Ideal for professional and DIY applications
- **Packaging:** Perforated blister pack
- **Quantity:** Includes multiple bits in each blister pack

Specifications

EAN	4003955301884
Manufacturer	WITTE
Weight (kg)	0,0600
