

Product sheet

WITTE tips, perforated blister pack, 50 mm, length 50 mm, diameter 4.5 mm.

Brand: Witte

Reference: TUR 327511

Witte-327511-10 screwdriver bits in perforated blister pack, 50 mm (PL 4.5). Made of high-alloy steel, they guarantee optimal torque transmission thanks to their precise geometry and hardening process. Ideal for screwdriving applications.

[View product online](#)**Description**

The Witte-327511-10 bits are high-precision screwdriving tools designed to deliver exceptional performance in a variety of applications. Made from high-alloy steel, these bits are manufactured using state-of-the-art technology and machinery, ensuring their durability and effectiveness. The subsequent hardening process, combined with precise geometry, allows for optimal torque transmission, ensuring that each screw is tightened securely and efficiently. The lifespan of these bits is determined by their intrinsic quality, the perfect fit on the screw head, and proper application during use.

- **Model:** Witte-327511-10
- **Type:** Screwdriver bits
- **Length:** 50 mm
- **Diameter:** PL 4.5
- **Material:** High-alloy steel
- **Manufacturing process:** Modern technology and machinery
- **Treatment:** Post-hardening
- **Geometry:** Precise for better torque transmission
- **Durability:** High, depending on quality and application
- **Packaging:** Blister pack perforated

Specifications

EAN	4003955304311
-----	---------------

Manufacturer	WITTE
Weight (kg)	0,1100
