## Description

The Kukko-GE3-10 threaded adapter is an essential tool for removing parts with female threads. Designed for use with both counterweights and slide hammers, this adapter offers a versatile and efficient solution for various mechanical applications. Its robust construction ensures durability and strength, making it a reliable choice for professionals in the industry. The laser-marked dimensions on the adapter's surface allow for clear and precise thread identification, facilitating its use and ensuring correct installation.

- **Compatibility:** Suitable for parts with female threads.
- **Versatile Use:** Compatible with counterweights and slide hammers.
- **Clear Identification:** Laser-marked dimensions for easy recognition.
- **High-Quality Material:** Manufactured for strength and durability.
- **Ergonomic Design:** Facilitates handling and installation.
- **Precision:** Ensures a secure and effective fit.
- **Dimensions:** Adapter designed for a specific range of threads.
- **Applications:** Ideal for mechanical and maintenance work.
- **Ease of Use:** Simplifies the parts removal process.
- **Precision manufacturing:** Ensures optimal performance every time.

## Specifications
