Description

The Jokari-J40035 SWS-Plus micro-precision wire stripper is a tool designed for the efficient and precise stripping of solid and stranded wires. Its ergonomic and functional design allows for comfortable and effective use, ideal for professionals and hobbyists who require a high-quality finish in their electrical work. This wire stripper features an adjustable length stop that allows you to set the desired length up to a maximum of 15 mm, ensuring uniform and controlled stripping. Furthermore, it incorporates an integrated wire cutter that facilitates working with diameters up to 0.8 mm Ø, making it a versatile tool for various applications.

- **Model:** Jokari-J40035 SWS-Plus
- **Type:** Micro-precision wire stripper
- **Compatibility:** Solid and stranded wires
- **Length stop:** Adjustable up to 15 mm
- **Wire cutter:** Integrated
- **Maximum cutting diameter:** 0.8 mm Ø
- **Material:** High quality and durability
- **Use:** Professional and hobbyist
- **Dimensions:** Compact and lightweight
- **Applications:** Electricity, electronics and DIY

Specifications

EAN	4011391400351
Manufacturer	Jokari
Weight (kg)	0,0350
