Description

The Brennenstuhl Ecolor power strip is a practical and stylish solution for your electrical connection needs. With its compact and modern design, this power strip fits perfectly into any environment, whether at home or in the office. Its polished surface not only adds a touch of sophistication but also makes cleaning and maintenance easier. Equipped with a safety ON/OFF switch with indicator light, it allows for easy and safe power control, ensuring your devices are always protected.

Made of high-quality plastic and PVC, the Brennenstuhl Ecolor combines durability and style. The 45° angled sockets and 90° plug type ensure an efficient and tidy connection, preventing cable clutter.

With an IP20 protection rating, this power strip is ideal for indoor use, providing a safe solution for your electronic devices.
