Description

The Brennenstuhl Ecolor power strip is a connectivity solution that combines functionality and modern design. With its sleek and compact finish, this power strip fits perfectly into any environment, whether at home or in the office. Its polished surface not only adds an aesthetic touch but also facilitates cleaning and maintenance. Equipped with a safety ON/OFF switch with indicator light, it allows for easy and safe power control, ensuring that devices are always protected.

Made of high-quality plastic and PVC, the Ecolor power strip features a space-saving design, thanks to its 45° angled sockets and 90° plug type.

With an IP20 protection rating, it is ideal for indoor use, ensuring reliable performance in various applications.
