BRENNENSTUHL Eco-Line black multi-socket with 6 sockets and 1.5 m cable

Brand: BRENNENSTUHL

Reference: TUR 1159400015

The Brennenstuhl Eco-Line black power strip has six sockets and a 1.5 m cable. Its design allows for 90-degree plug connections and offers enhanced protection against accidental contact. Made of plastic and PVC, it has an IP20 rating.

[View product online](#)**Description**

The Brennenstuhl Eco-Line power strip is an exceptional quality solution for your electrical connection needs. This standard model features six sockets, designed with a 45-degree angle to accommodate 90-degree plugs, making it easy to use bulky devices without obstruction. Its design is not only functional but also incorporates enhanced protection against accidental contact, making it a safe choice for any environment.

Made of plastic and PVC, the Eco-Line power strip combines durability and lightness, ensuring long-lasting use without compromising aesthetics.

With a cable length of 1.5 meters, it offers flexibility in the placement of your electronic devices, allowing for efficient organization of your space.
