BRENNENSTUHL Eco-Line white multi-socket with 3 sockets and 1.5 m cable

Brand: BRENNENSTUHL

Reference: TUR 1158610015

The white Brennenstuhl Eco-Line multi-socket has three sockets and a 1.5 m cable. Its design allows for 90-degree plug connections and offers greater protection against accidental contact. Made of plastic and PVC, with IP20 protection.

[View product online](#)**Description**

The Brennenstuhl Eco-Line power strip is an exceptional quality solution for your electrical connection needs. This standard model features three sockets, designed to facilitate the connection of 90-degree plugs, allowing for efficient use of space and greater versatility in device placement. Its design includes enhanced protection against accidental contact, ensuring safe use in any environment.

Made of plastic and PVC, this power strip combines durability and functionality.

Its structure is designed to withstand daily use, while its IP20 protection rating ensures it is suitable for indoor environments, protecting connected devices from the ingress of solid objects larger than 12 mm.
