BRENNENSTUHL Eco-Line white multi-socket with 6 sockets and 1.5 m cable

Brand: BRENNENSTUHL

Reference: TUR 1159420015

The white Brennenstuhl Eco-Line multi-socket has six sockets and a 1.5 m cable. Its design allows for 90-degree plug connections and offers greater protection against accidental contact. Made of plastic and PVC, with IP20 protection.

[View product online](#)**Description**

The Brennenstuhl Eco-Line power strip is an exceptional quality solution for your electrical connection needs. This standard model features six sockets, designed to facilitate the connection of 90-degree plugs, allowing for more efficient use of space and preventing blockages of other sockets. Its smart design and functionality make it an ideal choice for homes and offices where organization and safety are paramount.

Made of plastic and PVC, the Eco-Line power strip is not only durable but also offers enhanced protection against accidental contact, thanks to its IP20 rating.

This makes it suitable for indoor use, ensuring a safe environment for all users.
