Description

The Brennenstuhl Tower Power retractable power strip is an innovative and functional solution for power management in workspaces and homes. Designed for permanent installation, this power strip fits perfectly on tables in offices, kitchens, workshops, and more. Its robust and elegant aluminum body not only provides durability but also adds a modern touch to any environment.

The slim design allows the power strip to retract completely, becoming integrated with the table surface, optimizing space and maintaining a tidy appearance. Installation is quick and easy, requiring only a 60 mm diameter hole.

It also features a power indicator for easy use.
