

Product sheet

RUKO magnetic chip collector with powerful magnet and compact design.

Brand: Ruko

Reference: TUR 108202

The Ruko-108202 magnetic chip collector attracts metal shavings using its powerful magnets. By retracting the magnets from the housing, the shavings are easily released, facilitating cleanup in work environments.

Description

The Ruko-108202 magnetic chip collector is an essential tool for keeping your work area clean and tidy. Designed with powerful magnets, this device effectively attracts metal chips generated during machining, drilling, or milling processes. Its robust and functional housing allows for prolonged use, while the magnet retraction mechanism facilitates quick and easy chip release, thus optimizing cleaning time and improving safety in the workplace.

- **Model:** Ruko-108202
- **Type:** Magnetic chip collector
- **Material:** Robust and durable housing
- **Magnets:** Powerful magnets for effective attraction
- **Mechanism:** Magnet retraction for easy chip release
- **Use:** Ideal for workshops, factories, and machining environments
- **Dimensions:** Compact and lightweight for easy handling
- **Benefit:** Improves cleanliness and safety in the work area
- **Compatibility:** Effective with various types of metal shavings
- **Maintenance:** Requires minimal maintenance for optimal performance

Specifications

High	0,00
Width	0,00
EAN	4007140287281
Manufacturer	Ruko
Weight (kg)	0,0000
Depth	0,00
