Description

The Jokari-J20075 wire stripper is an ergonomic automatic tool specifically designed for stripping AS interface cables insulated with materials such as PUR, TPE, or FR-PVC. This device ensures complete protection of the internal conductors, preventing damage during the stripping process. Its innovative design allows for unlimited stripping lengths, making it easy to adapt to different work requirements. Furthermore, it features an optical length scale that allows for easy selection of stripping lengths of 15, 18, or 20 mm without the need for diameter adjustments. The wire stripper blades are special, hardened, and interchangeable, ensuring a long service life and optimal performance with every use.

- **Tool Type:** Automatic Wire Stripping Pliers
- **Compatibility:** AS interface cables with PUR, TPE, or FR-PVC insulation
- **Protection:** Full protection of internal conductors
- **Stripping Length:** Unlimited with optical scales of 15, 18, and 20 mm
- **Diameter Adjustment:** Not required
- **Blades:** Special, hardened, and interchangeable
- **Design:** Ergonomic for comfort
- **Use:** Ideal for professional and technical applications
- **Maintenance:** Easy replacement of leaves
- **Durability:** Robust construction for long-lasting use

Specifications

EAN	4011391200753
Manufacturer	Jokari
Weight (kg)	0,1200
