

Product sheet

**OLFA cutting board, 3 mm thick
(710 x 450 mm) for professional
use.**

Brand: OLFA

Reference: TUR NCM-M-RC

The Olfa-NCM-M-RC 3 mm (710 x 450 mm) cutting mat is ideal for general cutting. Its reversible design and self-healing material ensure durability. DEHP-free, it features grid lines for greater accuracy in your projects.

[View product online](#)**Description**

The Olfa-NCM-M-RC cutting mat is a professional-grade tool designed to meet the needs of cutting and crafting enthusiasts. At 3 mm thick, this medium-sized mat (710 x 450 mm) offers a robust and durable surface, ideal for a variety of general cutting applications. Its design allows for bidirectional use, maximizing product lifespan and versatility.

Made from a self-healing material composed of multiple layers of PVC (polyvinyl chloride), the mat automatically repairs itself after being cut, ensuring a smooth surface suitable for future projects.

Its green base color, combined with gray grid lines on one side and solid green on the opposite, facilitates precise cutting, while the 5 cm grid lines provide helpful guides for various applications.

- 3 mm thickness for durability.
- Two-way use for extended life.
- DEHP-free, ensuring safe use.
- Compatible with standard and heavy-duty cutters.
- Ideal for art knives and rotary cutters.
- Self-healing material that maintains a smooth surface.
- Green base color with gray grid lines.
- 5 cm grid guides for precise cutting.
- Designed for general cutting and creative projects.
- Requires flat storage for optimal maintenance.
