Description

The Olfa-NCM-S-RC cutting mat is a professional-grade tool designed to meet the needs of cutting and crafting enthusiasts. At 3 mm thick, this compact mat (533 x 300 mm) offers a robust and durable surface, ideal for a variety of general cutting applications. Its double-sided design maximizes functionality and extends its lifespan.

Made from a self-healing material composed of multiple layers of PVC (polyvinyl chloride), this mat repairs itself after being cut, ensuring a smooth surface ready for future projects.

The green base side features gray grid lines every 5 cm, facilitating precise cutting, while the opposite side is solid green, perfect for general cutting.

- 3 mm thickness for durability.
- Two-way use to maximize lifespan.
- DEHP-free, ensuring a safe product.
- Compatible with standard and heavy-duty cutters.
- Ideal for art knives and rotary cutters.
- Self-healing material that maintains a smooth surface.
- Green base color with gray grid lines.
- Dimensions: 533 x 300 mm.
- 5 cm grid lines for precise cuts.
- Recommended to store flat for better maintenance.

Specifications

High	0,00
Width	0,00
Colour	Green
EAN	91511230185
Manufacturer	Olfa
Weight (kg)	0,0000
Depth	0,00
