Description

The Ruko-123123 SDSplus 4-point drill bit, measuring 12x450mm, is specifically designed for drilling concrete. Its innovative flute geometry allows for optimal dust evacuation, resulting in more efficient and effective bit feeding during use. Thanks to its four cutting edges, this drill bit significantly reduces drilling time, enabling faster and more productive work. Furthermore, its reinforced core ensures maximum power transfer, improving the tool's overall performance. The robust construction of the drill bit minimizes the risk of breakage, even when impacting reinforcement, making it a reliable choice for professionals and DIY enthusiasts.
