

Product sheet

RUKO SDSplus 4-point drill bit 12x160mm with maximum energy transfer.

Brand: Ruko

Reference: TUR 123120

The Ruko-123120 12x160mm drill bit features four cutting edges that optimize drilling in concrete. Its design reduces vibration and friction, ensuring shorter drilling times and maximum energy transfer without risk of breakage.

Description

The Ruko-123120 drill bit is a high-precision tool specifically designed for drilling concrete. With its four cutting edges and a special flute geometry, this drill bit optimizes the flow of drilling powder, resulting in greater efficiency during use. Thanks to its innovative design, the Ruko-123120 reduces vibration and friction, allowing for significantly shorter drilling times. Furthermore, its reinforced core ensures maximum energy transfer, guaranteeing superior performance with every use. This drill bit is designed to minimize the risk of breakage upon impact with rebar, making it a reliable choice for professionals and DIY enthusiasts.

- **Diameter:** 12 mm
- **Overall Length:** 160 mm
- **Tip Type:** 4 Cutting Edges
- **Flute Geometry:** Special for drilling dust
- **Vibration Reduction:** Yes
- **Low Friction:** Yes
- **Core Reinforcement:** For maximum energy transfer
- **Risk of Breakage:** No risk upon impact with rebar
- **Application:** Concrete
- **Compatibility:** SDSplus

Specifications

EAN	4007140395498
Manufacturer	Ruko
