

Product sheet

RUKO SDSplus drill bit with 4 points, 10x160mm, with maximum energy transfer.

Brand: Ruko

Reference: TUR 123100

The Ruko-123100 10x160mm drill bit features four cutting edges that optimize drilling in concrete. Its design reduces vibration and friction, ensuring shorter drilling times and maximum energy transfer without risk of breakage.

Description

The Ruko-123100 SDSplus 4-point drill bit, measuring 10x160mm, is specifically designed for efficient and precise drilling in concrete. Its innovative flute geometry allows for optimal dust evacuation, resulting in superior performance and significantly shorter drilling times. Thanks to its 4-flute design, this drill bit minimizes friction and reduces vibration, ensuring a more comfortable and effective user experience. Furthermore, the core reinforcement ensures maximum energy transfer, allowing for more efficient drilling without risk of breakage upon impact with the material reinforcement.

- **Type:** 4-point SDSplus drill bit
- **Dimensions:** 10x160mm
- **Cutting edges:** 4
- **Groove geometry:** Special for dust evacuation
- **Vibration reduction:** Yes
- **Low friction:** Yes
- **Energy transfer:** Maximum
- **Risk of breakage:** No risk upon impact with reinforcement
- **Application:** Concrete
- **Recommended use:** Professional and DIY

Specifications

EAN	4007140395450
Manufacturer	Ruko
