Description

The Olfa-WD-L/BRN Woody Manual Locking Utility Knife is a tool designed to deliver superior performance without compromising environmental responsibility. Made with 70% wood pellets in its handle, this utility knife uses 70% less plastic, making it a sustainable choice for professionals seeking quality and functionality. Its natural-looking wood finish not only provides a comfortable grip but also ensures optimal performance even in wet or oily conditions, making it ideal for machine shops and other demanding work environments.

The design includes a lanyard hole, allowing for the attachment of a lanyard, carabiner, or other metal accessories, thus ensuring additional control in situations where safety is paramount.

This hole is strategically located so as not to interfere with the use of the cutter or the replacement of the blade.

The cutter comes preloaded with an Excel Ultra-Sharp Black LBB blade, which features a sharper sharpening angle and superior initial sharpness compared to standard blades. Furthermore, its ratchet wheel locking system allows for unlimited blade positions, adapting to various cutting needs.

- **Locking Type:** Manual
- **Blade Size:** 18 mm
- **Body Material:** Wood (70%) + Plastic (30%)
- **Compatible Blades:** LB, LBB, LBD, LB-SOL, LFB, LWB
- **Top Grip:** Effective in wet conditions
- **Lanyard Hole:** For added safety

- **Preloaded Blade:** Ultra-sharp black LBB
- **Locking System:** Ratchet wheel
- **Recommended Use:** Mechanical workshops and work environments demanding
