Description

The Hultafors-590120 tool backpack is the ideal solution for professionals who require efficient and safe transport of their tools. Designed with a robust molded base, this backpack guarantees stability and protection, preventing tipping and keeping the bottom dry and free of dirt. Made of 1680 Denier ballistic polyester, it offers exceptional wear resistance, ensuring a long service life.

With an ergonomic design, the backpack features 3D-shaped padded shoulder straps that adapt to the body's curvature, providing comfortable and cool carrying thanks to their ventilated padding.

Its dimensions of 37 x 34 x 48 cm allow for ample storage space, divided into two large compartments that open fully with zippers, facilitating access and organization. The exterior compartment includes 42 pockets and tool holders, while the interior houses a padded sleeve for laptops up to 15", as well as several pockets of different sizes for sensitive equipment. It also features an external tape measure holder, elastic loops for small tools, and a water bottle pocket. Protective and stable molded base. Made of 1680 Denier ballistic polyester. 42 pockets and tool holders. Padded sleeve for laptops up to 15". Ergonomic and padded shoulder straps. Full zip opening into two compartments. Clear pockets for easy identification.

External tape measure holder and elastic loops

External water bottle pocket

Nylon zippers with metal pulls
