Description

The Hedgehog-LPPUF4-File is a general-purpose tool designed specifically for machine shops, ideal for roughing, fitting, and grinding parts. Its rectangular cross-section allows for efficient and precise handling, while its design, with a width and thickness that decrease slightly towards the tip, facilitates access to difficult areas and the execution of detailed work. The single-point cut on both edges provides a uniform and controlled finish, making it a versatile choice for various mechanical applications.
