Description

The Erizo-LPPAB4-4" Parallel Flat Mechanical File is an essential tool for precision work on metal and wood. Designed specifically for filing keyways and flat surfaces, this file features a rectangular cross-section that maintains a constant width along its entire length. Its thickness tapers slightly towards the tip, allowing for greater control and precision in finishing. With double cuts on both flat faces and a single cut edge, this tool offers exceptional versatility for fine adjustments and detailed finishes.
