Description

The Hedgehog-LTE6 6" Medium Triangular Mechanic's File is an essential tool for precision work on metal and wood. Its triangular cross-section design allows optimal access to corners and sharp angles, facilitating the refinish of threads and milling cutters, as well as the finishing of flat surfaces. With equal sides that taper towards the tip, this file offers precise control and greater filing efficiency. The double cut on all three sides ensures efficient material removal, allowing for fine and detailed finishes in every application.
