Description

The Hedgehog-LTF4 Fine Triangular Mechanic's File (4") is an essential tool for precision work on metal and wood. Its triangular cross-section design allows optimal access to corners and sharp angles, facilitating the filing of threads, milling cutters, and flat surfaces. With equal sides that taper towards the tip, this file offers precise control and excellent roughing capacity. The double cut on all three sides ensures greater filing efficiency, allowing for fine and detailed finishes in a variety of applications.
