Description

The Erizo-LTF12 fine triangular mechanic's file is an essential tool for precision work on metal and wood. Its triangular cross-section design allows easy access to corners and sharp angles, making it ideal for refining threads, milling cutters, and flat surfaces. With equal sides that taper towards the tip, this file offers optimal control and greater versatility in a variety of applications. The double cut on all three sides ensures efficient material removal, providing a smooth and uniform finish.

- **Length:** 12 inches
- **Section:** Triangular
- **Cutting:** Double on all three sides
- **Use:** Ideal for filing corners and sharp angles
- **Applications:** Refining thread teeth and milling cutters
- **Material:** High-quality steel
- **Design:** Equal sides tapering towards the tip
- **Finish:** Provides a smooth and uniform finish
- **Versatility:** Suitable for metal and wood
- **Ergonomics:** Design for easy handling and control
