Description

The Erizo-LTF14 fine triangular mechanic's file is an essential tool for precision work on metal and wood. Designed with a triangular cross-section, this file features equal sides that taper towards the tip, allowing optimal access to corners and sharp angles. Its double cut on all three sides provides superior performance, facilitating roughing and finishing of flat surfaces, as well as refining threads and milling cutters. This tool is ideal for professionals and hobbyists who require a detailed, high-quality finish on their projects.

- **Length:** 14 inches
- **Section:** Triangular
- **Chipping:** Double-sided on all three sides
- **Use:** Filing corners and sharp angles
- **Applications:** Finishing threads and milling cutters
- **Material:** High-quality steel
- **Design:** Equal sides tapering to the tip
- **Finish:** Flat, detailed surfaces
- **Ergonomics:** Handle designed for a comfortable grip
- **Durability:** Resistant to wear and prolonged use
