Description

The Erizo-LCB10 coarse square mechanic's file is an essential tool for precision work on metal and wood. Designed specifically for filing keyways and square openings, this file features a square cross-section that tapers towards the tip, allowing optimal access to tight spaces and the creation of right angles. Its design includes double cuts on all four sides, ensuring greater efficiency in roughing and finishing surfaces. With a length of 10 inches, it is ideal for tasks requiring precise control and a uniform finish.

- **Model:** Erizo-LCB10
- **Type:** Coarse Square Mechanic's File
- **Length:** 10 inches
- **Section:** Square, tapering towards the tip
- **Use:** Filing keyways and square openings
- **Crouching:** Double on all four sides
