Description

The Erizo-LCB12 coarse square mechanic's file is an essential tool for precision work in metal and wood. Designed specifically for filing keyways and square openings, this file features a square cross-section that tapers towards the tip, allowing easy access to tight spaces and the creation of right angles. With double teeth on all four sides, this tool guarantees efficient and long-lasting performance, facilitating the finishing of surfaces with a uniform and controlled finish.

- **Length:** 12 inches
- **Section:** Square, tapering towards the tip
- **Use:** Ideal for filing keyways and square openings
- **Teeth:** Double on all four sides
- **Number of teeth:** Same as a flat file, per centimeter
- **Versatility:** Suitable for metal and woodworking
- **Design:** Ergonomic for easy handling
- **Durability:** Made with high-quality materials
- **Precision:** Allows for fine and controlled finishes
- **Dimensions:** Two inches shorter than the flat file
