### Description

The Hedgehog-LCE4 Medium Square Mechanic's File (4") is an essential tool for precision work in metal and wood. Designed specifically for filing keyways and square openings, this file features a square cross-section that tapers towards the tip, allowing easy access to tight spaces and the creation of right angles with great accuracy. Its design includes double cuts on all four sides, ensuring greater efficiency in roughing and finishing surfaces. Two inches shorter than a flat file, this tool is ideal for jobs requiring more detailed control and a fine finish.

- **Type:** Medium Square File
- **Length:** 4 inches
- **Cross-section:** Square, tapering towards the tip
- **Use:** Filing keyways and square openings
- **Chop:** Double-sided on all four sides
