Description

The Erizo-LCE6-6" Medium Square Mechanical File is an essential tool for precision work in metal and wood. Designed specifically for filing keyways and square openings, this file features a square cross-section that tapers towards the tip, allowing easy access to tight spaces and the creation of right angles. Its double cut on all four sides ensures efficient and consistent performance, facilitating the finishing of surfaces with a high degree of detail.

- **Length:** 6 inches
- **Cross-section:** Square, tapering towards the tip
- **Use:** Ideal for keyways and square openings
- **Cutting:** Double on all four sides
- **Tooths:** Same number of teeth per centimeter as the flat file
- **Versatility:** Suitable for working with metal and wood
- **Design:** Ergonomic design for easy handling
- **Durability:** Made with high-quality materials
- **Precision:** Allows for fine and detailed finishes
- **Dimensions:** Two inches shorter than a flat file
