Description

The Hedgehog-LCUF6-6" Fine Knife Mechanic's File is a specialized tool designed for precise filing of sharp angles on dies, gear teeth, and other technical applications. Its elongated triangular cross-section, reminiscent of a knife shape, allows easy and efficient access to hard-to-reach areas. With double cuts on both sides and a single finish on the thin edge, this file provides superior performance in roughing and finishing metal surfaces.

- **Length:** 6 inches
- **Shape:** Elongated triangular cross-section
- **Use:** Ideal for filing sharp angles on dies and gear teeth
- **Cutting:** Double cuts on both sides and single cut on the thin edge
- **Material:** High-quality steel for durability
- **Ergonomic Design:** Facilitates handling and Precision in the work
- **Applications:** Mechanics, metallurgy, and precision work
- **Maintenance:** Easy to clean and maintain in optimal condition
- **Compatibility:** Suitable for use on various machines and tools
- **Manufacturing:** High-precision process to guarantee quality

Specifications

High	0,00
Width	0,00
EAN	8422668170635

Manufacturer	Erizo
Weight (kg)	0,0000
Depth	0,00
