Description

The Erizo-LTSCV35 file is an essential tool for sharpening saws with 60-degree angle teeth. Its triangular cross-section design, with converging edges at one end, allows for precise and efficient access to the teeth of handsaws, band saws, and other types of saws. With a single cut and three cut edges, this file provides optimal performance, ensuring that saws maintain their effectiveness and extend their lifespan. Its robust construction and ergonomic design make it easy to handle, making it an indispensable tool for professionals and DIY enthusiasts.

- **Section Type:** Triangular
- **Tooth Angle:** 60 degrees
- **Use:** Sharpening handsaws, band saws, and other saws
- **Chipping:** Single
- **Chipping Edges:** Three
- **Material:** High-quality steel
