Description

The Erizo-LTSCV90-Lima is an essential tool for maintaining and sharpening handsaws, band saws, and other types of saws with 60-degree angled teeth. Its triangular cross-section design, with edges converging at one end, allows for precise and efficient sharpening, ensuring optimal performance of the cutting tools. With a single cut and three notched edges, this file adapts to various applications, facilitating work on different types of saws and guaranteeing a quality finish every time.

- **Section Type:** Triangular
- **Edges:** Converging at one end
- **Applications:** Sharpening handsaws, band saws, and other saws with 60-degree teeth
- **Cutting:** Single
- **Notched Edges:** Three
- **Material:** High-quality steel
- **Dimensions:** 9 inches in length
- **Use:** Professional and home use
- **Maintenance:** Easy to clean and maintain
- **Durability:** High resistance to wear
