Description

The Erizo-LRM8532 Chainsaw File 8 x 5/32" is a high-precision tool designed for the efficient sharpening of chainsaw chains. Its circular cross-section with a uniform radius along its entire length ensures consistent and effective sharpening, resulting in optimal tool performance. Made from special high-chromium steel, this file offers exceptional durability and wear resistance, ensuring a long service life even under heavy use. The double cut provides a more aggressive cutting action, facilitating sharpening and improving efficiency with each use.

- **Dimensions:** 8 x 5/32"
- **Material:** Special high-chromium steel
- **Cross-section:** Circular with a uniform radius along its entire length
- **Cropping type:** Double
- **Use:** Sharpening chains chainsaws
- **Durability:** High wear resistance
- **Performance:** Uniform and effective sharpening
- **Application:** Ideal for professional and home use
- **Compatibility:** Compatible with various chainsaw brands
- **Maintenance:** Easy to clean and maintain
