Description

The Erizo-LRM81364 Chainsaw File 8 x 13/64" is a high-precision tool designed for the efficient sharpening of chainsaw chains. Its circular cross-section with a uniform radius along its entire length ensures consistent and effective sharpening, resulting in optimal tool performance. Made from special high-chromium steel, this file offers exceptional durability and wear resistance, ensuring a long service life even under heavy use. The double-cut design provides a more aggressive cut, facilitating sharpening and improving chain maintenance efficiency.

- **Dimensions:** 8 x 13/64"
- **Cross-section:** Circular with equal radius
- **Material:** Special high-chromium steel
- **Treatment:** Double-cut for a more effective cut
- **Use:** Sharpening chainsaw chains
- **Durability:** High wear resistance
- **Performance:** Uniform and efficient sharpening
- **Compatibility:** Ideal for various chainsaw brands
- **Maintenance:** Facilitates chain care and extends chain life
- **Design:** Ergonomic for comfortable handling
